***A note from a participant of last year's course:***

" After the course was over, I went back to the reality I had to deal with--and I felt pretty happy, calm and strong because I knew that a lot of things didn't matter, which is something everyone can 'know' at an intellectual level, but the knowing in one's heart is something else. I've done the contemplation practices a bit since I came back--it's still tough and full of disruptions, but I'll keep it up in the future."

“.....課程結束後、我回到了現實幹活兒，感到相當快樂，平靜和堅強，因為我也有一般有理智的人的想法，認為生活上有很多事情是並不重要的。不過要心裡真正明白過來，却是另一回事。回家後，我也做觀照的練習，到目前還感到有些困難，也時斷時續。不過我會繼續努力的！”
